Photo by David March

Thirty-five Middle School students stayed after school last week to bake cookies to send to our Dillsburg Servicemen and women serving in Operation Desert Shield. The Project was the idea of home economics teacher Jane Lerch, and was funded by the student council. The students baked for three hours producing 26 packages of 30 each. That's close to 1,000 cookies.

The Message in the enclosed letter was:

Greetings From Northern Middle School,

"We hope you enjoy the cookies we have baked for you. We have tried to use packaging that can be used in some way. We have packed them in ziploc bags so you can use the bags again to help keep the stand out of your things. The popcorn is OK to eat but I warn you that it is unsalted hot air popped. The main purpose of the popcorn is to cushion the cookies. If the popcorn is useable maybe you can feed the fish or other wildlife. The white packing paper is unscented toilet paper. Need we say more.

We have included a piece of purple ribbon for you to keep as a reminder that we at Northern Middle School care about you. We hope we have made your day a little brighter.

Sincerely,
Volunteer Students from the 7th and 8th grade and Caring Parents and Mrs. J. Lerch, Home Ec. Teacher

Recipe for Desert Sand Cookies

6 c. flour
3 c. sugar
1 tbsp. plus 1-1/2 tsp. baking powder
4 eggs, beaten
1-1/2 tsp. salt
2 tsp. vanilla
1-1/2 c. shortening
1/2 c. evaporated milk
1/2 c. water

Topping
1/2 c. sugar
2 tbsp. cinnamon
Mix together well.

Sift flour, baking powder, and salt together. Combine shortening and sugar, mixing till fluffy. Gradually beat in eggs and vanilla. Add flour mixture, evaporated milk and water alternatively to sugar mixture, mixing well after each addition. Drop by teaspoonful onto ungreased baking sheet and flatten with a spoon dipped in flour. Sprinkle with topping. Bake 12-15 minutes at 375 degrees.

WEEKLY Health TIP

INFANT DIARRHEA

Diarrhea in infants should be treated with the BRAT diet. (Bananas, Rice, Applesauce and Toast). Banana replaces sodium and potassium lost during diarrhea. If diarrhea is severe (the child's mouth becomes dry and urination almost ceases) take the child to a hospital emergency room to replace essential body fluids, or death may result.

Health is precious
